### What is Covered In-Hospital at a Non-Agreement Private Hospital

If you choose to be treated at a private hospital that does not have an agreement with nib, we will pay towards the costs of the services listed above but you are likely to incur greater out-of-pocket expenses for most hospital related services than you would at an agreement hospital.

### Hospital Excess

A hospital excess is the amount you pay towards the cost of a hospital stay before any benefits are payable by nib. **A higher excess means your premiums with nib will be lower.**

You only pay an excess if you or someone on your policy goes to hospital. The excess applies per person per admission and is payable directly to the hospital prior to your admission. The \$250 and \$500 excess level is capped at \$500 for singles/\$1,000 for couples, single parents and families per calendar year. The \$750 excess level is capped at \$750 for singles/\$1,500 for couples, single parents and families per calendar year.

**Please note:** If you've recently switched hospital covers your previous level of excess may apply for up to 12 months for pre-existing conditions. Refer to the Policy Booklet for more information.
